Thank you for notifying CASA about your intention to fly a remotely piloted aircraft (drone) weighing fewer than two kilograms (sub-2kg) for hire or reward. This email is confirmation we have received your notification and have captured your supplied details, along with ARN information previously supplied.

You may be asked to produce this email if requested, so please keep a copy, either in digital or hardcopy format as a record of your submission.

**RPAS Notification**

CASA Notification ID: 33060

ARN: 14 [REDACTED]

Notification Type: I am an individual notifying CASA of my intent to fly a sub 2kg RPA for hire or reward  
Name: Anthony Wrobel

Location details:

1. State: Victoria  
Region: All - VIC

RPA Details:

1. Multi Rotor

You must now wait five business days, from receipt of this email, before you can fly commercially. We recommend you take this time to plan your operations, identifying potential risks and risk mitigation strategies. We also recommend practising flying in a safe location to become competent in operating and controlling the aircraft.

**Acknowledgement of RPA Safety Requirements**

1. I understand that when flying or operating a Remotely Piloted Aircraft (RPA), I am required to comply with all applicable provisions of the Civil Aviation Act and the regulations.
2. More specifically, I understand that I am required to comply with all provisions of Part 101 of the *Civil Aviation Safety Regulations 1998*, which apply to the operation of RPA generally and in particular circumstances. Breach of these regulations may result in enforcement action being taken against me.
3. I further understand that important guidance for the operation of RPA can be found in CASA Advisory Circular (AC) 101-10 – *Remotely Piloted Aircraft Systems – Operation of Excluded RPA* and that I am familiar with the information contained in the current version of that circular.

If you will operate a 'very small' RPA for hire or reward outside of the standard operating conditions, you must obtain a [remote pilot licence](#) (and an RPA Operator's Certificate if you want to run your own company).
